

## Product Warranty

### Eco Rubber Applicators (PTY) Ltd

We confirm that Eco Rubber Applicators (Pty) Ltd gives a 10-year warranty on the Eco Rubber product, applied by a duly authorized Applicator. The duration of the warranty is 10 years with the understanding that maintenance will be done after 5 years by a duly authorized Applicator. This maintenance will be for the account of the client. In the unlikely event that the material does not remain watertight for the period as stipulated above, from the date of application, the duly authorized Applicator will repair the affected area, free of charge – subject to the conditions below have been met:

Any water penetration must be reported in writing immediately upon discovery to the duly authorized Applicator.

Any and all rainwater gutters and outlets must have been regularly and properly maintained and cleaned.

The duly authorized Applicator or representatives must be allowed access to inspect the area where the product, alleged to be defective, has been applied.

Full payment for the product that has been applied, must be paid in full to the duly authorized Applicator.

Eco Rubber Applicators (Pty) Ltd will not be liable for any defects arising due to the failure of the structure or substructures it was applied to.

We have been applying Eco Rubber – on commercial and residential roofs – since 2010, with great success.
